

## Acorn Fair Processing Statement

### DATA PROTECTION (JERSEY) LAW 2005

The Acorn Nursery School holds information on pupils and in doing so has to comply with the Data Protection (Jersey) Law 2005. This means that the personal data held on pupils must only be used for specific purposes allowed by Law.

The school is a data controller and holds information on pupils in order to support their teaching and learning, to monitor and report on their progress, to provide appropriate pastoral care, and to assess the school's performance. We use Tapestry as an online Learning Journey.

Photographs are taken of the children both by a professional photographer for parent's acquisition and on a daily basis for display within the school.

From time to time, the school is required to pass on some of this data such as when a pupil is transferring to another school and to the Department of ESC.
